

SUPPLEMENT TO  
REPORT NO.

25X1X

1. On or about 1 January 1951, Hungarian troops, possibly border guards, stationed along the Hungarian-Yugoslav border, from Kalebria to the junction of the Hungarian-Rumanian-Yugoslav borders, were withdrawn and replaced exclusively by Soviet troops.\*
2. Informed circles in Belgrade, presumably in the Government, contend that there recently has been a general concentration of Soviet troops within the satellite states along the Yugoslav border, but the above is the only example cited.
